Location/Address:

Sun Orientation:

Elevation:

Weather Characteristics/rainfall/wind:

Existing Soil:

Note: BIRD'S EYE VIEW OF THE LAND MUST BE PROVIDED showing house/buildings location

---

## 1. Vision & Involvement

Would you like to be involved in creating your gardens? If so, how? Are you a gardener? Will you hire a gardener? Are you willing to spend time in the landscape? Low maintenance still means working the land.

*(e.g., hands-on planting, design decisions, observation, ongoing care)*

How do you want your garden landscape to feel?

*(e.g., peaceful, wild, abundant, sacred, healing, playful, place based!)*

How would you like your land to *function*?

(e.g., food growing, shade, privacy, beauty, xeriscape (water wise/arid)  
gatherings/entertainment, fun, meditation, teaching)

How would you like it to *look*?

(e.g., lush or minimal, native or tropical, flowering or edible-focused)

---

## 2. Elements You'd Like to Include

☒ Check all that apply and describe your ideas below.

- ☐ Food garden beds
- ☐ Fruit trees
- ☐ Nut trees
- ☐ Culinary and medicinal herbs
- ☐ Native trees appropriate to the area (what percentage?)
- ☐ Flowering plants/shrubs
- ☐ Shade/Windbreak trees/clumping bamboos
- ☐ Pollinator plants
- ☐ Water features/Irrigation system
- ☐ Walking paths
- ☐ Gathering spaces
- ☐ Seating/.yoga/workout areas
- ☐ Trellises or pergolas
- ☐ Other: \_\_\_\_\_

---

## 3. Desired Plantings

What plants and trees are on your list? What do you love? Flowers? Fruits?  
Color? Zen? Native? Tropical?

What food crops are you most interested in? Any interest in a Vegetable garden or a  
Hawaiian cultural garden and taro?

List any appropriate fruit or nut trees you desire (or favorites):

Which herbs (culinary or healing) would you like to grow?

How many native trees would you like to include?

---

## 4. Movement & Change

What is or will be your daily walking path or natural movement through the land?

Are there areas you'd like to transform or bring more life to?  
(e.g., too much sun, windy, lack of privacy, difficult neighbors, not used)

---

## Calley's Landscape Master Plan Overview Fees

Hand-drawn, rough residential master plan with an overview of your land, priorities, and vision.

This is a big-picture ecological plan rooted in beauty, purpose, and abundance.

 Flat Rate: \$2,500 – \$3,500 cash preferred for simple residential landscape

\$1,000 down and the balance due in cash upon approval of the final rough master plan

*(Final rate based on land size, scope, terrain, ease or complexity of the land or design wishes.)*

~ Follow-up guidance available at \$200/hour cash.

*(As needed to support you in laying out the beds/contours, basic plant choices, placement advice, or further evolution.)*
